International Tax Structuring network

Multinational businesses are increasingly affected by tax, legislative and regulatory changes throughout the world - the CEE/CIS region is no exception. Understanding the impact of these developments on transactions between countries is vital for any business operation.

Our services across the CEE/CIS region

Your situation

- You want to construct tax efficient cross-border strategies
- You need to manage your global structural tax rate
- You want to resolve regional tax issues, ensuring EU tax harmonisation
- You are planning to expand into new jurisdictions
- You need cash flow in your overseas operations
- You want to manage your treasury function globally
- You want to ensure your tax function is aligned with your business plan
- You are defending a tax authority challenge e.g. on thin capitalisation

How we can help you

The CEE/CIS International Tax Structuring network is experienced in addressing all aspects of international taxation and can give you access to the widest possible range of international solutions from the initial stages of your project right through to implementation.

Our network extends throughout CEE/CIS, so we understand and can help you with all your international tax structuring and investment needs in the region. Our network is an integral part of the global PricewaterhouseCoopers network of firms.
